

SCHOOL SPORT REPRESENTATION STATEMENT

To represent Lindisfarne Anglican Grammar School in sport at any level is a privilege, not a right. In order to do so, students must abide by the following expectations:

- The behaviour/s exhibited by a student in the School community prior to representation must clearly signify the student's capacity to represent the School in a wider sporting context to an acceptable level. An acceptable level is defined in the School's Code of Conduct – Students.
- The behaviour/s exhibited by the student whilst representing the School in a wider sporting context must also be of the same acceptable level.

Failure to demonstrate this acceptable behaviour may lead to the withdrawal of the student from representative situations.

It is an expectation of the School that all members of the Lindisfarne school community, including teachers, parents and sport coaches, will be supportive of this Statement.
